WORK EXPERIENCE

3D modeler/ Level design

Kionix (ActionXL)
36 Thornwood Drive
Ithaca, NY 14850
Mar 2008 - Feb 2010

Creation of Scene objects, environments, and characters based off provided concept art or personal designs. Focused on low poly level design for games as well as high poly renders for videos and concept demos. Generation of content for both 3D & 2D assets. Content intended for use on both PC and mobile platforms.

Adjunct Teacher (3D Art - 149)
Tompkins Cortland Community College
170 North Street,
Dryden, NY 13054
Jan 2010 - Dec 2010

Introduction class teaching college students the basics of 3D modeling, texturing, lighting, animation, & rendering, in 3Ds Max. In the first half of semester, students learn the basics of 3D art and animation. In the second half, they worked as a group to develop a story board for a short animation. Students picked their strong suites and worked together like a studio to make a final animation.

3D Generalist (Internship/co-op)
Buffalo Historical Society RIT Grant
1 Lomb Memorial Dr,
Rochester NY 14623
May 2013 - Sep 2013

(Buffalo State Asylum, A Reconstruction.) As part of a co-op / internship, we were tasked with re-creating the Buffalo state asylum as it originally was in the early 1900s in an interactive 3D environment. The final results were as part of a presentation at the 2015 HASTAC conference.

Advanced repair agent (ARA)
Geek Squad - Best Buy
2345 Marketplace Dr,
Rochester, NY 14623
Apr 2010 - Present

Performed several advanced repair & maintenance tasks on computers / phones including virus removal, hardware and software repair, network setup and data management. Maintained and organized clear lines of communication between clients and staff to ensure the smooth operation of the department. Processing shipping and receiving for components and store units. Organized and updated work flows and service orders to ensure accurate service and well-kept records for the department.
